MARIA FLORENCIA PEREZ DALL'OCCHIO
FULL STACK DEVELOPER

PROFESSIONAL PROFILE

Passionate about challenges, problem-solving, and continuous learning, I transitioned from a career in Physical Education to the tech sector in pursuit of new professional horizons and personal fulfillment. I am enthusiastic about building useful and meaningful solutions. My background in education and web development allows me to bring a comprehensive approach to teamwork, leadership, and people management. These skills, developed in dynamic and high-pressure environments, have equipped me with strong adaptability, resilience, and critical thinking—qualities I effectively apply in collaborative tech projects and complex problem-solving.
